

# MEDICAL TRUST HOSPITAL

## Location : Kochi

Founded in 1973, Medical Trust Hospital, a 750-bed multi-specialty acute-cum-critical care referral hospital, is one of the most well-equipped and premier hospitals in South India.

Today, with about 40 years of experience in the field, it has for long been the hospital of choice for providing medical care to patients from across the region and abroad and also for overseas companies to handle their emergency rescue and evacuation services.

The hospital has a range of sophisticated equipment for diagnostics and treatment. It has modern operating theatres with laminar flow systems and well equipped ICU's, blood bank, path lab, etc.

The hospital also runs educational institutions to impart knowledge and training in Nursing, Physiotherapy, Paramedical Sciences and Radiological Techniques, to build an efficient workforce of healthcare professionals, to adequately handle the global requirements of medical and surgical emergencies.
