

Dr. Chandrasekar Chikkamuniyappa,

**MS (Orth),DNB(Orth)
Consultant (Joint Replacement Surgery)**

Dr. Chandrasekar specializes in cutting edge joint replacement surgery including computer assisted and minimally invasive hip and knee reconstruction.

Dr. Chandrasekar is the coordinator of the Orthopaedic Department and manages the DNB programme at one of India's most modern super specialty Orthopaedic & Spine Centres, located in Bangalore.. He is involved in several on going research projects in the area of Total Joint Replacements as well as other audits on orthopaedic processes within the hospital.

Dr. Chandrasekar has written articles for such peer-reviewed publications as the Journal of Bone and Joint Surgery, American Journal of Hand Surgery, Injury etc to name a few. He has made several presentations at professional conferences and symposia at the national and international levels. He has won many awards including Fred Heatley Award, London. Recipient of National Merit Scholarship and others right through his education.

Dr Chandrasekar did both his under graduation and post graduation from Bangalore Medical College. His interest in adult reconstruction led him to the United Kingdom, where he spent 4 years at University Hospital in London, crafting his skills in complex adult reconstruction of the hip and knee. Dr. Chandrasekar is also a fully qualified ATLS Instructor [Advanced Trauma Life Support] certified by the Royal College of Surgeons, England.
