

Prof. Paul C. Salins
MDS, FDSRCS

Cranio-Maxillofacial Surgeon

Prof. Paul C. Salins is the Medical Director and Vice-president of one of India's most modern cancer centres, located in Bangalore. At 1400 beds this is one of **BIGGEST CANCER CENTER** projects in the world.

He is the Chairman of "INCITE" International Centre for Innovation, Technology transfer and Entrepreneurship which is India's first health care related Technology Business Incubator (TBI) funded by the Governments Department of Science and Technology.

He is an **INTERNATIONALLY ACCLAIMED** authority in the specialty of **CRANIO-MAXILLOFACIAL SURGERY** having trained and worked across the globe. His surgical innovations and perspectives have been much acclaimed.

Prof. Salins is a **PIONEER** in **ORTHOMORPHIC SURGERY** or the surgical art of facial sculpturing. The technique of 3-dimensional Osteotomy described by him makes it possible to correct gross deformities and create elegant refinement of facial form or any desired facial profile. As an artist he has shown that significant enhancement of facial beauty is often possible with simple but artful intervention requiring minimal surgery.

His techniques of **NASO-ORBITO-MAXILLARY TRANSPOSITION** for accessing tumors deep within the facial skeleton and composite soft and hard tissue movements in gross facial deformities are amongst the many novel techniques developed by him.

He has also key contributions in **FACIAL AESTHETIC SURGERY** and his surgical work has restored self respect and dignity to numerous people with deformities and mutilations of the facial region.

He is a Fellow by the **American College of Oral Maxillofacial Surgeons**. Currently his research interests is in the area of engineering applications, particularly of modelling based decision making processes to surgical practice.

Prof. Salins has helped nurture several major medical institutions of repute in India and abroad and was instrumental in bringing the examinations of the Royal College of Physicians and Surgeons to India.

He is the recipient of many international awards and citations. Prof. Salins studied art history at Cambridge University; has a significant interest in western classical music and in exploring influence of culture in education as the vital substrate for creativity.

AREAS OF INTEREST

Cranio-Facial and Deformity correction Vascular Tumours Engineering assisted reconstructive techniques

EDUCATION

2005 Dip. Med (Palliative Medicine), Edith Cowan University, Australia

2002 FDSRCS, Royal College of surgeons in England, London

1981 MDS, KMC Manipal, India

1980 FFDRCSI, Royal College of Surgeons in Ireland, Dublin

1975 BDS, KMC Manipal, India
